

New Jersey Project Child Find  
1-800-322-8174

**Project CHILD FIND** is a free referral service and public awareness campaign to assist in the identification of unserved/underserved youth with a delay or disability from birth through twenty-one years of age.

In addition, **Project CHILD FIND** develops and distributes information to the public about early intervention services and special education programs throughout New Jersey.

**Project CHILD FIND's** comprehensive efforts include:

1. Assisting families of infants and toddlers, **birth through two**, concerned about their child's development by directing all requests regarding **early intervention** to the family's local Special Child Health Case Management Unit.
2. Assisting families of preschoolers, **three through five**, concerned about their child's development by directing requests to their local school district.
3. Helping families access community services through referral.
4. Promoting community and public awareness of all children with disabilities by providing information.
5. Assisting local school district boards of education to identify unserved children from age **three through twenty-one** who are in need of special education and related services.

Information through **Project CHILD FIND** may be obtained by calling the toll-free number, 1-800-322-8174, which is in service 7 days a week, 24-hours a day. All calls received are confidential.

Project CHILD FIND was established by the New Jersey Department of Education through I.D.E.A., Part B funds from the U.S. Department of Education.

Laurel Spring Child Study Team can assist you with any questions or concerns you may have about a child or student.
