Please encourage your child to do their best and be sure to have a good night's sleep, along with a nutritious breakfast. Due to testing security protocols, smart watches and cell phones are prohibited during testing. In accordance with school procedures, cell phones must remain turned off in students' book bags. It is also important that your child is on time during his/her testing window. If a student arrives after testing has started, he or she will need to make up the session.
